PROFESSIONAL SUMMARY

Results-driven Software Developer with 4+ years of experience in designing, developing, evaluating, and maintaining robust software solutions. Strong expertise in Mobile Development, and full-stack web development using React and Node.js. Enthusiastic about building scalable applications, maintaining software quality, and staying updated with industry trends. Proven record in IT, finance, and customer service sectors.

PROFESSIONAL EXPERIENCE

Software Developer
Identiko Integrated Solutions | December 2022 – Present

- Developed an online store with features such as product listings, shopping cart, and checkout using **React**.
- Built a **real-time chat application** with private messaging, group chats, and user presence indicators using **WebSocket**.
- Created a **recipe book application** where users can browse, search, save recipes, and generate shopping lists.

Software Development Intern
The Code Academy | August 2021 – November 2022

- **E-Commerce Application:** Developed a marketplace using **MongoDB, Express.js, Node.js** with user authentication via **Passport.js**. Users can create, read, update, and delete content across various categories.
- **Real Estate Web Application:** Integrated **Cloudinary** for image uploads, enabling realtors to list and manage properties while clients can search and view realtors' profiles.
- Built and maintained **personal portfolio** highlighting software projects and achievements.

Personal Portfolio — (Link)

PROJECTS & PORTFOLIO

- **E-Commerce Application** – Built using MongoDB, Express.js, and Node.js with full authentication and content management.

TECHNICAL SKILLS

- **Programming Languages & Frameworks:** Kotlin, JavaScript (React, Node.js, Express.js), Python
- **Mobile App Development:** Android (Kotlin, MVVM architecture), UI/UX principles
- **Web Development:** Full-stack development (React, Node.js), REST API, MongoDB, SQL
- **Software Development Lifecycle (SDLC)**
- **DevOps**
- **MOSIP (Modular Open-Source Identity Platform)**
- **Cloud & Hosting:** Cloudinary, Firebase, WebSockets
- **Product Design & UI/UX:** Figma, Wireframing, Prototyping
- **Data Analysis:** Excel, Python

EDUCATION

University of Ilorin, Ilorin, Nigeria
B.Sc. Statistics | September 2016 – August 2021
Bootcamp
The Code Center Bootcamp, Lagos, Nigeria
August 2021 – April 2022

TRAINING & CONFERENCES

- **Art of Lagos 2023**
- **Open-Source Festival 2022**
- **OSCA'22 (Open-Source Community Africa)**

CERTIFICATIONS & ACHIEVEMENTS

- Developed multiple **real-world applications** deployed for business and personal use.
- Contributed to **open-source projects** and engaged in community-driven software development.
- Actively improving skills through ongoing **DevOps & MOSIP** training.

- **Real Estate Platform** – Cloud-based property listing and realtor search system.
- **Online Store & Shopping Cart** – Developed using React with a seamless checkout experience.
- **Real-Time Chat App** – WebSocket-powered messaging application with private/group chat features.
- **Recipe Book App** – User-friendly app for browsing, saving recipes, and generating shopping lists.
